We are here!

IEEE ICET SB of Ilahia College of Engineering and Technology brings you **Beyond The Loop**, a 24-hour hackathon to build solutions that can change the world.

We invite you to take part in our creative building extravaganza. An opportunity to explore and nurture the youth in the world of technology.

Our Mission

We're here to channel the innovative and sharp minds of young engineers across India. It's all about diving in, creating solutions with impact, and having a blast along the way

◆ Impactful Challenges

◆ Career & Networking

◆ Team Innovation

Why sponsor us?

Beyond The Loop is set to highlight the brilliance of student innovation. Attending our event offers you an exclusive opportunity to see **talented individuals collaborate** and harness technology to solve real-world problems.

We are looking for support to turn this vision into a remarkable success and provide an exceptional experience for our participants.
